In re: 700 MHz Interoperable Broadband Public Safety Broadband Network PS Docket 06-229

Dear Ms. Dortch:

On December 5, 2009, Roger Quayle, Chief Technology and Co-Founder of IPWireless, Andy Smith, Vice President of IPWireless, and I, the undersigned, visited with Charles Mathias, Legal Advisor to FCC Commissioner Meredith Attwell Baker to provide additional supporting material related to efforts for the implementation of an interoperable broadband network for public safety.

IPWireless provided a detailed presentation supporting the pursuit of the 3GPP path that will lead to the ultimate build out of public safety LTE broadband data networks. IPWireless further discussed the ability of IPWireless to provide infrastructure and user equipment that will cover the entire 700 MHz band in addition the 2.5 Gigahertz band currently in use by the City of New York.

Respectfully Submitted,
